

## **JUNE**

### **Cree: opâskâwiho-pîsim - Hatching Month**

Here we are at the end of June while it feels like we were starting only a short time ago. To all of you who have achieved your diplomas I extend my congratulations, to those who have achieved the completion of the courses you challenged, congratulations and to those of you who have yet to complete what it is you may have set out to accomplish, I await the celebration of your achievements.

Achievements and success have different meanings for everyone. Your idea and my idea of success and achievement may have vastly different definitions. What we do have in common is the ability to make the decision to do the work, (hard work at times), decide to make other things priorities, take an easier or shorter path, set plans aside for another time or overcome the obstacles and push on through. My hope for you is that your decisions lead you to the future which defines YOUR meaning of success and achievement and provide you with a life which celebrates who you are and the gifts you have been blessed with...make your mark and do not let anything stop you from achieving this amazing life for yourself, for your families, for your communities. It's your time to shine, so shine brightly!

Please have a safe and restful summer and thank you for choosing Centre High as your school, it has allowed me the honour of being your Indigenous Liaison for which I am grateful.

Keep in touch....ekosi maka.....Joanne
