

Quote from award winning, late Indigenous author, Richard Wagamese

It's that time of year when applications must be submitted including funding applications....and....your registration if you are returning to Centre High....check out a couple of the funding sites below!

I hope that all of you have continued with your classes in spite of the new online programming, in the face of adversity, we can often surprise ourselves if we stay open to the opportunity! I've heard about a lack of motivation during this time and while our lives have been exposed to unimaginable times, the human spirit is powerful as Indigenous peoples' well know! I came across this motivational video if you have a few minutes....remember.....we can always change our stories.

Be Fearless!!

I want to wish everyone a great long weekend, hoping the sun shines bright each day!! Stay positive, stay strong, stay healthy and keep moving forward!

Joanne

(I will be away till next Wednesday).....Enjoy the long weekend!
