# PERSEVERANCE

NOUN

STEADY PERSISTENCE IN A COURSE OF ACTION, A PURPOSE, A STATE, ETC., ESPECIALLY IN SPITE OF DIFFICULTIES, OBSTACLES, OR DISCOURAGEMENT.

**'Sufficient energy in the stream is required to dislodge rocks from the earth and move them. The faster a stream flows, the more energy it has and the larger pieces of sediment it can transport. As a stream slows down, its competence and capacity are reduced'**

### *tansi*

Hoping that your energy is maintaining good speed against any challenges you may be experiencing. There is never a problem without a solution.

Entering this last week of semester one provides the opportunity for that final push in completing your course and making your mark. Perseverance lies in the ability to keep going with determination and patience. Make sure you are in touch with your Assistant Principal to ensure your plans for Q2 are in place and always, always, keep moving forward!

### DIPLOMAS - **Information from Alberta Education**

Final Mark calculated based on what is most advantageous for the student:

If you choose not to write the November diploma:

- If you wrote the diploma previously then they would check if the 70% class mark 30% previous diploma, blended mark, gives you a higher mark. Only then would they count a previous diploma mark. If your class mark, not the blended mark, is higher that is what will appear on the transcript.
- Class mark only for Q1 classes if it is the highest

If you choose to write the November diploma:

- Automatically this diploma mark, or previous diploma mark if higher, would be used to determine your final mark - you would have the 70% / 30% blended mark.

## INDIGENOUS YOUTH - EXCITING NEWS!!

### DEVIN BUFFALO...

Buffalo, who was born in Wetaskiwin, said while he was growing up his hockey heroes were older players in his community. "I wanted to succeed on the ice and in the classroom," Buffalo said. But he didn't know of any older players he could turn to for educational advice. One possible future goal for Buffalo is attending Law school. He's in the process of applying to various universities in western Canada in the hopes of being accepted and beginning classes in September 2021.
